## 👤 Profile

- My top professional skills are programming in both JavaScript, using the Node.js, Express, and React frameworks, and programming in C# and JavaScript in Dynamics 365 CRM.
- A Degree in Business Management & Information Systems.
- Always eager to learn new methods and technologies.
- Highly motivated, technical-oriented, and self-starter with excellent problem-solving skills and a can-do attitude.

## 💼 Professional Experience

**2022 – 2024**

**Customer Relations Managment (CRM) Developer,** *Elad Systems* ⧉
As a Dynamics 365 developer, I have a good understanding of the Dynamics 365 platform and have worked on an extensive project for a client. I have broad experience working with C# and JavaScript programming languages. My experience includes customizing Dynamics 365 applications, developing integrations with external systems, and building custom plugins and workflow activities.

**2021 – 2022**
**Netanya, Israel**

**QA & Deployment,** *Bright Data* ⧉
- Using manual and automated tests for testing the company's products.
- Detect and solve real-time problems on 100+ million users' networks.
- Monitoring production servers, test environments, and handling errors.
- Real-time assistance to R&D, Individuals, and business customers.
- Handling multiple tasks on a tight schedule.
- Deploying new versions and updates of the company's products.
- Working on Linux-based systems.

## 🎓 Education

**BA in Business Administration and Information Systems,**
*Ruppin Academic Center*
10/2019 – 07/2022 | Israel

## 📁 Projects

**HelpMeStudent,**
*A project I submitted as a final degree assignment* ⧉
A platform, intended to be used as an internal system inside the Ruppin Academic Center, allowing students to tutor other students. The app was built using React, .Net framework, and SQL Server.

**Animals of the world** ⧉
A C# project built as a final's exam. The project implements many of the OOP concepts such as inheritance, polymorphism and more.

## 🔭 Military Service

**Combat Soldier, Rescuer and Combat Fitness Trainer,**
*in Search & Rescue Unit 668*
11/2014 – 11/2017
